

Camp Grayling and MNG Initiate Campaign "Project Beware"

Camp Grayling and the Michigan National Guard have initiated a campaign to alert area neighbors about the dangers of unexploded ordnance. The campaign is known as "Project Beware".

The program will use local media, displays, demonstrations and visits by a special team of spokespersons to schools, clubs and interested organizations to alert the area children and citizens of the danger of so-called "souvenir duds".

Local school officials, were involved in a similar program in 1983 and Camp Grayling hopes to expand the program for 1985. The project officer at Camp Grayling is Maj Joe Meredith. Interested groups and organizations can contact him for information at 517-348-7621 or 348-3626.

City Refuse Pickup Outlined

Citizens of Grayling are asked to refrain from putting garbage and other debris at the curb other than Sunday afternoon and evening and Monday morning for pickup. The city has pickup only on Monday, and anything put out after that becomes an unsightly mess for a week and does not enhance the appearance of the neighborhoods.

City Manager Jerry Morford also asks residents not to put leaves and other debris in the gutter where it will go into the sewer drains and clog them up. Leaves should be bagged for pickup.

If you have limbs and other things for pickup and it is missed, please call the City Office and give them your address.

Fire Damages Building

A recreational and shower building at Timberly Village Campground along Old 27 North was damaged by fire Wednesday, April 24, in the afternoon. The Grayling Fire Department, Grayling City Police, Crawford County Sheriff Dept., and the Michigan State Police Fire Marshall were called to the scene.

A police report said the cause of the fire may have been electrical.

Commencement at KCC Friday

Kirtland Community College's 16th Annual Commencement Exercises will be held on Friday, May 3, 1985, at 7:30 p.m. in the Gilbert Stewart Auditorium. Approximately 80 of Kirtland's 160 graduating students will be participating.

Mrs. Mary Sinclair of Midland will be the commencement speaker. A reception will be held in the Student Center following the ceremonies.

G.H.S. Players In King Arthur Fable

CAMELOT, the Lerner and Loewe musical comedy hit opening at the Grayling High School Auditorium, gave one New York critic an opportunity to prove his mettle shortly after the show's Broadway premiere. Due to a series of mishaps to the show's director, librettist and others, Camelot opened not quite to the satisfaction of its creators, who were striving to top their previous, epoch-making success, My Fair Lady.

The New York reviews assured Camelot a healthy box-office response, but rehearsals and repairs continued nevertheless. John Chapman, the New York Daily News critic, expressed his enthusiasm for the show in his column, and at the same time sent Mr. Lerner a suggestion for a different ending. It was an improvement that the authors gratefully accepted and incorporated into the show. Chapman was delighted to receive several pairs of the hard-to-get tickets as reward for his effort.

Naturally, it's the revised and amended version which ran for over two years on Broadway that will be staged at the Joseph Stripe Auditorium with Allen Morford and Amy Smith starring as King Arthur and Queen Guenevere amidst all the dazzling delights of the fabled Round Table.

Camelot, will be presented by the Grayling High School Players on May 9, 10 and 11, 1985. Price of admission has been set at \$5.00 and all seats are reserved. Tickets may be purchased in advance at the Board of Education Office Building on Michigan Avenue in downtown Grayling. Phone requests for tickets to be held at the box office are being accepted at 348-7641.

Scholarships Available for GHS Students

Ten area scholarships are available for Grayling High School seniors planning on attending college. Students may pick up applications for the following scholarships at the GHS counseling office: Kimberly Ostrowski-Steel Memorial, St. Mary's Catholic Church, American Business Women's Association, Grayling Youth Booster Club, Grayling High School Alumni Association, Carl W. Borchers Scholarship, AmVets & AmVets Auxiliary, Crawford County Arts Council, Grayling Lions Club, and Kirtland Community College. Students should pick up applications immediately.

Range Firing Conducted

Range firing will be conducted at Camp Grayling during the period 1 May 85 thru 7 May 1985.

Firing will be in the following areas on the dates and times indicated.

The Small Arms ranges located west of Lake Margrethe, north of Howe Rd, east of the gas pipeline and south of Portage Creek. Firing will begin at 8:00 AM (Daily) 3 May 1985 and cease at 10:00 PM (Daily) 6 May 1985.

The Range 30 Complex located north of North Down River Rd., east of Jones Lake Rd, south of County Rd 612 and west of Damon Truck Trail. Firing will begin at 8:00 AM (Daily) and cease at 10:00 PM (Daily).

The Range 40 Complex located north of County Rd 612, east of Guthrie Lake, south of Old State Road 618 and west of County Rd F97 (Twin Bridge Rd). Firing will begin at 8:00 AM (Daily) and cease at 11:30 PM (Daily).

The ranges will be closed to the public during these periods and all persons are warned to keep out of the areas identified.

Fish hatchery manager Howard Hatfield and Bobby Smock, chairman of the Grayling Fish Hatchery Committee, released about 200 trout in the Kid's Fishing section last week before the opening of Trout season. The fish hatchery will be releasing more fish in the section during the summer. The Kid's section is on the east branch from the fish hatchery to the mainstream.

Home for Pregnant Teens Planned Here

A home to help pregnant teenagers is planned for the Grayling area.

The "Kenquest House" proposes to provide a positive environment for personal growth and development for up to six girls ages 13-19 and their infants.

Maximum length of stay at the Kenquest House is two years. Girls must be pregnant to enroll. Girls already with babies are not eligible.

"We feel for our program to work we must start with the girls before delivery," says Pam Fisher, director of the Crawford AuSable Day Care Center. "We can't reach our goals of pre-natal care or other goals if the girls come in with babies."

The Kenquest House is a non-profit corporation that will be administered by the Crawford AuSable Day Care Center. It is licensed by the state as a child caring institution and it is only one of four pregnant teenage homes in the state.

Pregnant girls from 42 northern counties (from Clare County north) are eligible to enroll at the home. Applicants are screened and those with severe mental illness, juvenile delinquent behavior, or substance abuse will not be allowed to enroll.

"We really don't want juvenile delinquents at the home," Fisher said. "We want the girls who are capable of learning and prospering from the program."

One requirement of girls enrolled at the

house is they must continue their education.

Kenquest House offers the girls parenting classes, weekly group therapy, money management guidance, homemaking guidance, and other support services.

Carla Nolph, of Higgins Lake, has been named program director. She has a bachelor degree in social work and is working on her Masters degree in social work. Mary Ann Floriano, of Grayling, is the assistant director. Jamie St. John, of Grayling, will be the live-in parent at the home.

The girls must pay approximately \$250 a month for rent and meals. Most girls enrolled will be eligible for Department of Social Services funds to pay this expense.

Kenquest House received a \$50,000 grant from the state DSS for fiscal year 1985, which runs through September. The House will be eligible to re-apply for the maximum \$50,000 grant again.

The Kenquest House has a tentative starting date in mid-summer. A tentative site on Jones Lake Road is being considered pending compliance with Grayling Township zoning laws.

In 1983, in Crawford County, State Public Health Department figures showed 456 women ages 15-19. From this age group, 23 births were reported, 11 abortions, and six miscarriages.

In Roscommon County, there were 752 women ages 15-19 with 37 births, 19 abortions, and 9 miscarriages reported for 1983.

Grayling Home Show Cancelled

The first Grayling Home Show sponsored by the Grayling Regional Chamber of Commerce has been postponed until next year.

The show had been scheduled for this Saturday and Sunday at the Hanson Hills former Fred Bear Museum.

Norma Naour, chairwoman for the event, said not enough home businesses were able to participate because this a busy time of year for them. She said the chamber would like to try holding the show at an earlier date next year and attract a full house of businesses displaying their products.

She said a March date is being considered for the Grayling show.

Home shows have been featured around the state as ways to display items such as roofs, siding, carpeting, paneling, and large home items.

Forty Acre Fire Stopped by DNR

By Jon Thompson

DNR forest fire fighters stopped a runaway blaze in South Branch Township last Tuesday despite winds gusting at more than 17 miles an hour.

The Roscommon County Sheriff Department received an anonymous call about 4:10 p.m. about a forest fire. Minutes later, as eight fire fighting DNR units from Grayling, Mio, and Roscommon arrived, the fire had already spread to 14 acres.

"The temperature was in the 80's and the wind was high causing extreme fire conditions," said Jim Gray, a DNR forest fire fighter from the Grayling office. "It was one of those days you stay on your toes and when a call comes in you hit it with everything you've got."

Gray said the fire, located about 1/4 mile east of M-18 and 1/2 mile south of Old 44, had already burned through a section of old jack pine slash from a timber cut and was burning into an old aspen cut area.

"It was really burning hot and traveling northeast fast when it reached some old hardwoods. We managed to keep it with plowlines and water and contained it by 5:02 p.m.," Gray said.

He said at one point the fire burned near a summer cabin and the South Branch Fire Department saved the structure from extensive damage.

The DNR crews stayed until about 9 p.m. mopping up the perimeter of the fire. The

total area burned was 43.1 acres. The cause of the fire is still under investigation.

On Monday, April 22, Grayling DNR forest fire fighters put out a 2 1/2 acre fire about nine miles east of Grayling along M-72. The fire burned in jack pine and oak forest cover and was running fast uphill when DNR crews surprised it quickly using three pieces of forest fire equipment to cut plowlines and throw water. The fire was spotted at 5:10 p.m. by the DNR fire spotter plane on his last run of the day. The area burned was private property and the cause of the fire was listed as debris burning.

On Thursday, April 25, the DNR assisted Camp Grayling Fire Department at a fire on the mortar range off Beaver Road. A fire was started when the explosives ordnance team had to explode a shell. Camp Grayling fire crews used the opportunity to set back fires and burn off the range on a relatively safe day instead of having a fire break loose there on a high danger day. A total of 609 acres had grass fires but there was little problem with containment.

On Friday, April 26, a small fire at Grayling Mobile Home Estates was also put out by a DNR truck. The cause of the fire was reported as burning brush.

Gray said the DNR is only issuing burning permits one day at a time for burning after 6 p.m. Anyone burning outside must call or stop at the DNR office for a permit.

9th Annual Dawn Patrol At Grayling Airport Sunday

An airplane aerobatic show featuring Don Ziegler and Chuck Scherping plus a sky diving exhibition by Norm Bancroft, of Grayling, will highlight the 9th Annual Kirtland Community College Dawn Patrol at the Grayling McNamara Airport.

The Dawn Patrol, presented by the Kirtland Aviation Chapter, will begin Sunday, May 5, with a pancake and sausage breakfast from 7:30 a.m. to 11:30 a.m. served in the KCC hangar at the Grayling airport. George Maroni, instructor at the KCC aviation facility, said last year's breakfast drew more than 300 persons. Maroni said the Dawn Patrol shows and exhibits drew 500 to 1,000 last year during fine weather.

Airport manager Dave Frederick said last year's show drew 68 aircraft carrying an average of three persons.

Besides the airplane aerobatic show and the sky diving exhibition, there will be a radio control airplane show. Helicopter rides will be offered by B & G Helicopter

The United States Coastguard and Michigan National Guard will also have helicopters on display. Additionally, private owners will display experimental and ultralight aircraft.

The Kirtland Aviation Chapter will also offer tours of their Grayling facilities.

The aviation chapter is also giving away trophies to the youngest and oldest pilots, the pilot who flew the longest distance to attend the show, and the oldest aircraft present.

All pilots must be present to receive the trophies at a 11:15 a.m. presentation. A door prize will be given away at 11 a.m. and persons must be present to win.

The aerobatic show will take place from 11:30 a.m. to 12:30 p.m. and the airport will be closed during that time to other aircraft.

After 11 a.m. sloppy joes, hot dogs, and soda will be sold.

The public is invited free of charge.

LaMottes Celebrate 70th

Mr. and Mrs. John LaMotte, residents of the Grayling Health Care Center (GHCC), celebrated their seventieth wedding anniversary on April 24, 1985, by repeating their wedding vows in a ceremony held at the Center. Father Bill Rabior of Grayling's St. Mary's Catholic Church officiated at the wedding mass held at 2 p.m. before an altar decorated with vases of pink and rose silk flowers.

Mrs. John LaMotte is the former Blanche Maxson, of Vienna (Michigan), having moved to the Grayling area in 1915 and was formerly employed in area restaurants as a cook.

The bridegroom, John LaMotte, has been a lifelong resident of Grayling and formerly worked as an inspector in area flooring mills.

Mrs. LaMotte was dressed in a turquoise and white, polyester and crepe dress accent-

ed by a single strand pearl necklace and a double strand pearl bracelet. The bride carried a bouquet of white carnations and white daisies.

Helen Harwood, niece of the bride, was matron of honor and bridesmaids were Diane Cinciala and Diane Walker, both of Grayling and volunteers at the Center.

Kermit LaMotte, son of the bride and groom, was best man.

Music was provided by Kay Matthews on the piano and vocal soloist Margaret Fagnoner, a former opera singer and current resident of GHCC. Musical selections included the traditional "Oh Promise Me" and "Just Because."

A reception was held immediately following the ceremony with many family members, friends, and staff in attendance.

Mr. and Mrs. John LaMotte will continue to reside in a shared room at the Grayling Health Care Center.

From Our
Corner...

We're going to use a Public Service Announcement to get this turkey flying for this week... City Manager Jerry Morford was in the office last week lamenting on how some of the citizens of our fair city persist in putting out garbage, limbs and all sorts of debris at any time they wish whether it is Tuesday, Thursday or any day but the proper day... this is the time of year for people to start to work on their property in cleaning it up and sprucing it up following the doldrums of winter but, the city has their curb side pick up on Monday... not on a hit and miss day as suits them... like Jerry mentioned they try to keep Grayling looking as well kept as they can, and people putting junk on the curb any old time just doesn't enhance the beauty of our town...

Jerry mentioned the proper time to get rid of that junk is putting it out for pick up in late Sunday afternoon and evening and Monday morning... that way by Monday night it will all be picked up and there won't be junk littering the streets...

Another thing that Jerry mentioned that costs the city extra money is when people put leaves and other debris in the gutters of the street and then when it rains it all goes into the drains and clogs up the sewer which adds to the expense of cleaning out the debris... Jerry did say as he left, maybe if you put something in your space of the paper a few people may see it, and if you have room maybe a spot on the front page, the notices wouldn't have to be paid for and the city would save more money...

Really, the moral of this is, do clean up your property but, think before you haul your stuff to the curb, is it going to be picked up right away or is it going to sit there for a week?... nuf said...

Sunday afternoon and we haven't had anyone on Saturday or today pounding on the door to have their picture taken with that big trout that they landed... we're not a fisherman but we must say those that wet a line over the first weekend of the season couldn't complain of the weather this year... the evenings have been in the mid 30s and days in the mid 60s... we have seen the time when it snowed and one would have ice on their line as trying to entice the trout out of their hole... times also have changed as far as having fishermen around town for the start of the season... when we first came to Grayling in 1946 trout season opener was like the opener of deer season... the town would be loaded with downstate people, we don't know the reason other than the expressway has opened up the north where one can just run up here from the Bay City, Flint, Lansing, Detroit area, and go home that same day... I guess it is just a fast life we're living in... we remember in March when we went out west... time wise, we left Cleveland at 8:00 a.m., and we were in Las Vegas at 10:45 a.m. with a stop in Chicago...

And then there are six of us... speaking of time, the life span of families is just time... Friday we learned of a cousin, George Madsen had passed away at Newberry in the U.P., and we thought about our brother Svend in Gaylord and another cousin, Carl Hanson of Grayling who passed away this past winter... with their deaths it leaves just 6 out of 23 cousins in the Madsen clan... we have two sisters, Blenda in Gaylord, Jenny in Missouri, a cousin Laura (Larson) Reinbolt in Saginaw, a cousin, Ankor Hanson in Alaska and Richard Madsen, some place in the U.S.A. which takes care of our generation... time takes care of all...

We talked to our Buckeye family Saturday evening and found out that our number two granddaughter, Stefany, also came down with the chickie pox, and grandma mentioned that probably all the parents in Amherst will be saying that those Wolverine kids from Michigan had to bring those pox to Ohio... Stefany didn't mind them, she had a chance to stay home from school... like T.J. did...

This takes care of this turkey... we'll bid T.J., Stefany and Amber goodnight now, and to all of our couple readers, do have a nice weekend, summer is near...

The announcement last week by United States Congressman Elford A. Cederberg in Washington, D.C., that Sherman Christopher Neal, had been appointed as a cadet at the United States Military Academy at West Point brought a feeling of pride to all citizens of Grayling. Sherm, who will graduate from Grayling High in June, was an outstanding athlete while in school starring on the football, basketball and track teams. But he was not just an athlete, he was a member of the Junior Play cast, worked on the school newspaper, served as vice-president of the Varsity Club and as president of Science, Inc. He was a representative to Wolverine Boys State last year. Along with Sherm's many extra curricular activities, he did find time to study and finished high in the first ten of his class. Grayling is proud that a local youth won the appointment and Grayling is proud of Sherm Neal, an outstanding example of the teenagers of Crawford.

The Bible Speaks

From Calvary Baptist Church

AIDS Plague

AIDS (which stands for Acquired Immune Deficiency Syndrome) has become a national epidemic, and is being labeled the plague of the century. It is considered 100% fatal, and the number of reported cases is doubling every six months. There are currently 8,000 AIDS victims, 400,000 are already infected with the virus which causes AIDS, and some 10,000,000 homosexuals are believed to have been exposed to AIDS. Some medical authorities now believe the virus may remain dormant for up to 10 years before the disease develops.

While AIDS is commonly spread within the homosexual and drug culture, there is growing concern for innocent victims. All of us read about the 66-year-old nun who contacted the fatal disease from a blood transfusion. The Chicago Sun Times reported on a homosexual AIDS victim who gave blood 13 times to 12 innocent recipients. You may have read in Newsweek Magazine where "...scientists revealed that AIDS virus has also been identified in human saliva." Authorities do not now discount the possibility of spreading the virus by "heavy kissing". Seemingly healthy mothers with the AIDS virus are passing the virus on to their babies. There are 42 babies with AIDS in the New York-New Jersey area.

It is estimated that 25% of the prostitutes in New York City have been exposed to the AIDS virus through the use of intravenous drugs. Now multiply the number of salesmen from all over the nation who come into contact with these prostitutes. Now multiply the number of sexual contacts each salesman may have with women in other cities including his own wife. Because of the unprecedented sexual promiscuity within our nation, anyone having sex outside of marriage is in

danger of contacting AIDS. AIDS was once identified only with the homosexual community, but is now a threat to all within the heterosexual community as well. The Washington Times quoted a doctor who said: "The mysterious and deadly AIDS disease may be transmitted by routine close contact in a family household."

The above information came from an article by Dr. Robert G. Grant as printed by American Christian Voice Foundation, P.O. Box 37053, Washington, D.C. 20013.

Christian Voice calls on citizens to stop this plague by demanding that Washington push for laws making it a felony for an AIDS victim to donate blood; demand strict laws to enforce blood tests for those donating to blood banks; enforce immigration laws designed to stop foreign homosexuals from entering the U.S.; stop tax dollars from supporting homosexual organizations and activities; outlaw homosexuals from working in close contact with children, in the food service industry, in hospitals and clinics; and demand the government and medical establishment quit covering up the nature and extent of the threatening problem.

It is time to cry out against the vile and wicked sex sins of our generation before God brings their plague upon all of us! God hates the sin of homosexuality. God said the sodomites were "wicked and sinners before the Lord exceedingly" (Genesis 13:13). Their sin was to Him "very grievous" (Genesis 19). God commended Asa the king for doing right in taking away the sodomites out of the land. (1 Kings 15:12). Homosexuals have adopted and destroyed the good word "gay". Homosexuals did no injustice to the words "queers" and "perverts", perhaps we should use titles more appropriate to character and conduct in our battle against evil.

SIT DOWN ON THE JOB... AND SMILE
With the new '85 Big Red™, you'll find out why all types have never had it so good. It's powered by an all-new, lightweight 400cc engine that provides stronger torque, increased reliability and an array of low maintenance features. In addition, the low-level transmission includes a super-low first gear and reverse. And this plus electric starting, shaft drive and four and a half suspension makes Big Red the hardest working three-wheeler ever.

May Is Better Hearing and Speech Month

More than 22 million Americans - 10 percent of the population - have speech, language or hearing impairments. Most of these people can be helped by trained professionals. However, very often they do not realize that help is available or how to get it.

May is Better Hearing and Speech Month, and a time to acknowledge the work of speech and language pathologists throughout the country.

Speech - language pathologists and audiologists are professionals trained to help individuals with communicative disorders. During this month, individuals who suffer from speech, language or hearing disorders are encouraged to learn more about it and seek help from your local hospital or health agency. The earlier a problem is diagnosed and treated, the greater the chance of improvement.

If you, or someone you know, has a speech, language or hearing problem, make this the time to seek the help of a qualified professional. For more information contact Kathy Moss, speech therapist at Mercy Hospital, (517) 348-5461, extension 342.

Crawford County Board of Commissioners

April 9, 1985 — Regular Meeting
SYNOPSIS

The April 9th meeting of the County Board convened at 9:30 a.m. All commissioners attended except Miller; and seven visitors observed at various times.

IN FORMAL ACTION, THE BOARD:

— Accepted the March 28th minutes with two corrections.

— Approved payment of General Fund vouchers in the amount of \$44,189.14, Fish Hatchery bills of \$62.64, a Public Improvement voucher for \$1,000.00, and commissioners' salary, per diem and expenses respectively as follows: Harland - \$200.00, \$220.00 and \$68.27; Kitchen - \$150.00, \$170.00 and none; Mattis - \$150.00, \$90.00 and \$13.53; Ruddy - \$150.00, \$210.00 and none; Joyce - \$150.00, \$300.00 and \$142.52; Neilson - \$150.00, \$190.00 and \$25.83; Miller - \$150.00 and none.

— Reviewed and accepted 16 pieces of correspondence.

— Supported a District No. 4 Health Dept. Resolution requesting elimination of weight restrictions for refuse transporting vehicles.

— Adopted a Resolution Honoring Larry D. Hunter for 19 years of service as County Equalization Director.

— Approved payment of a \$54.00 bill from Mercy Hospital incurred when a child was treated for a cat bite she received at the Animal Shelter.

— Agreed to inform the Lottery Bureau that their request for additional space would be addressed as soon as funds are available.

— Determined that, in the future, conference registration days shall be considered equal to full day committee meetings for per diem purposes.

— Also decided, by consensus, that unscheduled meetings attended for the purpose of conducting county business should be documented on pay vouchers, and may be considered for per diem by either Ways and Means or the full Board.

— Appointed Don Geiss and Jon Thompson to replace Robert Gottfried and Joseph Ely respectively on the Planning Commission, with Gottfried and Ely to remain as alternates.

— Rescinded a 3-28-85 motion naming Alfred Borchers Acting Equalization Director, and named him Equalization Director, effective April 15, 1985, at a salary of \$19,000.00, with a three-month probationary period.

— Declined to reconsider a 3-28-85 motion denying use of courthouse grounds for fireworks displays.

— Approved filling two vacant code positions in the jail, and the hire of one part-time dispatcher.

— Approved the Assistant Prosecutor's attendance at a Labor Relations Seminar at a cost of \$225.00.

— Rescinded the Equalization Session until the April 25th meeting, at which time the final figures on the assessment rolls will be in from the townships.

— Adopted revised By Laws for the Commission on Aging, with the exception of two articles which will be considered after review by the Assistant Prosecutor. These By Laws eliminate the necessity of having three County Commissioners on the C.O.A.

— Established terms on the Commission on Aging for Fran Hanson and Barbara Selesky.

— Authorized County representatives to meet with City Officials to negotiate the Assessing Contract.

— Held a 35 minute executive session to discuss a personnel-related matter.

IN OTHER BUSINESS, COMMISSIONERS:

— Requested Joyce to draft a resolution urging a change in law relative to publication of minutes. The present law requires minutes of a public body to be available for viewing eight business days following a meeting, regardless of whether or not the minutes have been approved.

— Reviewed information on the State Land Trust Fund, which may be an avenue for funding acquisition of the Wakeley Bridge Access Site presently for sale by Consumers Power Company.

— Discussed circumstances under which commissioner pay vouchers are authorized to be changed by the payroll department, and documentation to be followed to avoid disallowing of an expense by Ways & Means.

— Discussed with the City Manager the legal liability

Reagan's Plan Brings Controversy

by Richard Millman

DID THE Great Communicator stumble, possibly falling flat on his face? Sure looks like it.

Consider all the controversy surrounding the upcoming visit to Europe by President Reagan, and plans to observe the 40th anniversary of the closing of World War II in Europe.

The President's early plans have managed to make enemies all the way around — which is unusual for Mr. Reagan.

First he was not going to visit the site of a German concentration camp, but then he changed his mind and added such a visit to his itinerary. In the process, insult and outrage mounted in many corners over the omission and then the indecision.

MR. REAGAN also plans to visit a German military cemetery, to honor German war dead. The big catch, however, is that the cemetery also is the burial site for members of the Nazi SS, many of whom were involved in perpetrating the Holocaust and other wartime atrocities.

Again, outrage mounted, chiefly among American veterans and Jews who were victims themselves or who lost loved ones to the wartime Holocaust.

"I am flabbergasted at the continued insensitivity and shocked at the lack of historical perspective," said Abraham Foxman, Holocaust survivor and an official of the Anti-Defamation League of B'nai B'rith.

"...our pain is genuine, our outrage is deep, and our perplexity is infinite," said Elie Wiesel, a death camp survivor and chairman of the U.S. Holocaust Memorial Council, appointed, incidentally, by Mr. Reagan.

THE PRESIDENT must be wondering how on earth he ever got embroiled in such a series of gaffes. But at last look, he was standing firm on his cemetery visit.

He was quoted as saying that to call off the visit to the German military cemetery would "leave me looking as if I caved in in

the face of some unfavorable attention." That may well be true; but what's wrong with that?

To "cave in in the face of some unfavorable attention" is not necessarily a sign of weakness or indecision...especially if you're wrong in the first place.

And in this situation, it sure looks like Mr. Reagan is on the wrong side of the fence.

HOPEFULLY he will find some way to repair the damage. It does no good for the United States to have our leadership involved in such international as well as domestic turmoil.

This is true whether the President involved is Republican or Democrat, whether you back him or oppose him. The loser here is America, not Mr. Reagan. We need healing, not division.

Maybe Mr. Reagan will find some way to turn the situation to his advantage; he has before, and there is still time.

Let's hope this is true again...not for Mr. Reagan's sake, but for all of ours.

A RECENT ARTICLE in the newspaper brought me up short. The headline reads: "4 Catholics seized in Czechoslovakia."

The dispatch from Associated Press: "VIENNA (AP) — Czechoslovak authorities raided an apartment in Prague, confiscated religious literature and arrested four Roman Catholics, according to an emigre source.

"The contact, whose reports have been reliable in the past, said yesterday that the arrests took place April 11 and the four were accused of 'hindering the controls over exercise of religion.' The offense carries a possible jail term of up to two years."

That item appeared in April 1985, not 40 years ago.

Is there any more eloquent, yet quiet, plea for resolution of the controversy about Mr. Reagan's visit to Germany, and repair of the damage it has already caused?

Cholesterol

By Terry D. Howell, M.D.

Periodic news reports have emphasized to the public that an elevated cholesterol level is one of several major risk factors implicated in the development of cardiovascular disease. In this article I would like to review the subject and answer the following questions:

What is cholesterol?

How do you know if it is elevated?

What are the medical implications of an elevated cholesterol level?

How is it treated?

Cholesterol is a compound categorized as lipid, or fat. The cholesterol in your blood stream is derived from dietary sources and from the liver, which has the capacity to make cholesterol from simpler compounds. Cholesterol is important in the formation of certain hormones, cell membranes, and bile.

The cholesterol level is determined by a simple blood test, generally after an overnight fast. There is no other way to determine if your cholesterol is elevated. A family history of heart disease at a young age may prompt your doctor to order this test. It is also often measured as part of a routine health screening evaluation.

Cholesterol is carried in the blood stream by proteins called lipoproteins. Cholesterol can be found in low density lipoproteins or LDL, which is associated with an increased risk of cardiovascular disease. Cholesterol is also carried in high density lipoproteins or HDL. An elevated level of HDL is associated with decreased risk of cardiovascular disease. In other words, HDL cholesterol has a protective effect. Your doctor, in addition to determining the total cholesterol level, may also choose to determine the amount of cholesterol as HDL and LDL.

People with an elevated cholesterol level have an increased risk of having a heart attack. An elevated cholesterol level is also associated with other types of vascular disease, such as peripheral vascular disease and stroke.

An elevated cholesterol level may be due to a variety of conditions. It is frequently associated with a diet containing excessive amounts of cholesterol and saturated fat (generally fat from animal sources). Elevated cholesterol levels tend to "run in families," and therefore genetic influences are important. Less commonly, an elevated cholesterol value may reflect certain types of kidney disease, diabetes mellitus, and thyroid conditions.

High cholesterol levels can be treated and lowering your blood cholesterol value will lower your risk of developing cardiovascular disease. The mainstay of treatment is diet, including reduction of dietary cholesterol and saturated fat, and weight loss to near ideal body weight. If dietary measures are unsuccessful in lowering your cholesterol to an acceptable level, then there are

Natural Resources Department Hopes Agreement Will End Troubles With Indian Fishing

Warren M. Hoyt, Executive Dir., MPA

A new agreement to regulate the activities of Indian, commercial, and sports fishermen in the upper Great Lakes should help end racial enmity along with assuring better regulation of the state's fish stocks, Natural Resources Department Director Ronald Skoog has announced.

In briefing the Natural Resources Commission on the agreement, which was approved recently by U.S. District Judge Richard Enslen, Skoog said he was pleased that the different parties had been able to reach an agreement after so many years of controversy and conflict over the Indian use of gill nets.

The agreement will specify areas where the gill nets can be used, other areas where tribal fishermen must convert to impoundment equipment and lake trout refuges where all fishing of the species is banned.

The agreement came after an intense three-day negotiating session between officials of the DNR, the U.S. Department of Interior, Michigan United Conservation Clubs, Michigan Steelhead and Salmon Fisherman's Association, the Michigan Charter Boat Association along with tribal leaders of the Bay Mills Indian Community, Sault Ste. Marie Chippewa Tribe, and the Grand Traverse Band of Ottawa/Chippewa Indians.

The agreement negates the need for a trial which was scheduled to start in late April, Skoog said, although the court has given any parties time to challenge the agreement.

The compromise divides portions of Lakes Michigan, Huron, and Superior into areas where Indian fishermen can continue to use gill nets and other areas where they must phase out the use of gill nets by 1990 in favor of impoundment equipment.

In those areas where gill netting will be used, commercial fishermen will either be phased out or allowed to fish under state quotas.

Skoog said the state would have to buy out some of the commercial fishermen in those areas.

The agreement will cost the state approximately \$4 million over the next several years, mainly in matching funds for federal monies, he said.

For the remainder of the current fiscal year the state will have to spend \$500,000 to implement the agreement, plus an amount to buy out some fishermen, he said.

But of the state's 110 commercial fishermen, no more than 25 percent will be affected by the agreement, the director announced.

The agreement also calls for joint enforcement along with joint administration of commercial fishing.

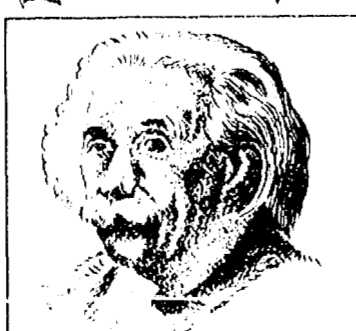

Skoog said the agreement should help diffuse some of the racial enmity that has existed between Indians and whites in recent years.

He said some of that tension has been relieved in recent years because of education efforts, but the controversy over the use of gill nets has led to much of that tension, "and when you remove the conflict, you have an impact on the tensions. You'll never get away from it completely, you'll always have some rednecks."

The deadlock between the groups was broken because all sides wanted to resolve the issue, Skoog said.

The groundwork was laid last year, he said, when the state decided to stop battling the Indians' treaty rights and acknowledging those rights, and began negotiating with the tribes on their rights.

County Fair Adds Car Show

The 3rd Annual Crawford County Fair, to be held at Hanson Hills August 23rd, 24th, & 25th, has something new to offer the community this year — a car show! Tentative plans call for a two day show with a "graffiti night" on Saturday at Bear's Country Inn.

This event would be followed by a drive throughout the Grayling area and surrounding communities to "show" the classic, antique, and street rod cars with all the participants ending up at the fairgrounds for a 50/60's dance with music by the local and popular DJ "Free-Wheelin' Fred". Sunday afternoon will be the actual show with judging and prizes, etc.

For more information contact one of the following committee members: Jim Adams, 348-3020, Fred Hinkle, 348-8282, or John Aler at 348-7631.

SPELLDOWN CHAMP — This year has been a success story for our fourth grade at Grayling's Elementary. We had four students from each of the four rooms competing for the spelldown championship, which was won by Caleb Casey (holding trophy). Casey also went on to compete in the COOR area principals' spelldown and placed second. We would like to thank Bernie Dosch for being our enunciator. Group Wants Nature Sanctuary In Crawford County

"Every county ought to have a place like this," a leading Port Huron businessman whispered over the shoulder of Bertha Daubendiek, Executive Secretary of the Michigan Nature Association (MNA). He was standing with a group overlooking a spectacular wooded ravine, and admiring a yellow-billed cuckoo through binoculars.

The date was May 18, 1963. The occasion was the opening for the public of the MNA's Pine River Nature Sanctuary in St. Clair County.

Today, there are 88 MNA nature sanctuaries scattered throughout 36 counties of Michigan. The preserves range in size from 1/4 acre to 480 acres. One-third are in

Michigan's Upper Peninsula. But over 20 are in the greater Detroit metropolitan area, one as close as 35 miles to the Detroit City Hall.

What is a nature sanctuary? The MNA originated the term, meaning an area set aside for birds, animals,

Thayer To Serve on Republican State Committee

Art Thayer, Crawford County Republican Chairman, was sworn into the Republican State Committee during its meeting in Farmington on April 19 and 20. He was elected at the party's state convention in January and is the first Crawford County resident to serve on the state committee of either of the major political parties. Thayer and his wife Mary Jane, are also on the Tenth District Republican Committee.

The Republican State Committee is composed of two women and two men from each of the 18 congressional districts in the state, the 18 congressional district chairpersons, the state chairman and six state vice-chairpersons. It sets the policy and direction of the state party, raises funds to assist Republican candidates at the state and local levels and works with the National Committee to accomplish the same things at the national level.

Thayer has been assigned to the Outreach subcommittee. This committee's purpose is to locate groups of citizens that have a low percentage who vote and to develop programs to increase those percentages.

Thayer has been Crawford County Republican Chairman for five years. He earlier has served as chairman, vice-chairman, treasurer and finance chairman of the local committee. He has served as county campaign chairman for the campaigns of Presidents Nixon, Ford and Reagan, Governors Romney and Millikin, Senator Griffin, Senate challengers Ruppe and Lousma, Congressmen Cederberg, Davis and Schuette and state legislators Davis, Ostling, Binsfeld and Toepp.

and plants.

The MNA's carefully selected properties total 4650 acres and include examples of all of Michigan's 28 major habitats, including upland forests, swampy woodlands, inland lakes, rocky outcrops, orchid fens, dunes, dry and wet prairies, sphagnum bogs, and marshes. They also protect one third of the state's endangered, threatened, and rare species.

Crawford County is one of the 47 Michigan counties that do not yet have an MNA preserve.

"Do you know of a place where there are still a lot of wildflowers? Do you have a favorite spot you would like to see preserved?" Daubendiek asks. These might possibly be what the nature group is looking for. And they are willing to send out a scout to check. To inform the MNA about local wilderness deserving preservation, or for more details about the MNA's work in Michigan, contact Bertha Daubendiek at the MNA Business Office, P.O. Box 102, Avoca, MI 48006; telephone (313) 324-2626.

MNA explorers inspect approximately 50 prospective sanctuaries each year, and the organization chooses the best it can afford for preservation. An average of three have been added each year. The MNA also accepts gifts of land suitable for sanctuaries; 18 of the MNA preserves are properties that have been given by owners who wanted to insure that their land would remain undeveloped. MNA also accepts properties that can be sold in order to purchase natural areas.

The MNA, a citizens' non-profit group, established its first nature sanctuary, Red Wing Acres in St. Clair Co., in 1960. MNA's unique conservation program is run by volunteers and uses no government money. MNA raises funds from individuals, foundations, and businesses who care about Michigan, to purchase natural areas.

MNA sponsors 18 guided field trips to its preserves each year. All MNA properties are open to the public without charge for nature study, photography, and appreciation.

Sibs for Kids Rent Car Seats

The Crawford County Sibs for Kids Program makes available to the public child car seats, which are safety tested on a rent/purchase program, for a deposit of \$15.00 and \$5.00 per month. At the end of 8 months, the car seat belongs to the purchaser.

If a seat is returned during the 8 months, a portion of the deposit will be returned, if the seat is in good condition and clean.

This is a public service of the Sibs Program, as well as a fundraiser. It enables families to provide their child with proper protection while spreading the cost over a period of time as well as providing some income for the Sibs Program.

The car seat used in this program will accommodate a child from infant to 4 years.

For more information on this program, contact the Crawford County Sibs for Kids Program at 348-2841, ext. 262 or stop by our office on M-72 W.

CARD OF THANKS

A special thank you to Dr. Fox and Rivera, and to the staff at Mercy Hospital for their excellent care while I was a patient. Also to Pastor Bond, my family and many friends for their prayers, visits, phone calls and gifts. They were heartfelt and much appreciated.

Gardiner Enlists In Air Force

David M. Gardiner, 18, of 6355 Crawford Road, Grayling, entered the United States Air Force's Delayed Enlistment Program (DEP).

According to Master Sergeant Charles C. Justice, the Air Force recruiter here, Mr. Gardiner's entry into the DEP allows the Air Force to schedule an opening for him to attend basic training and be assigned to a job or skill area.

Mr. Gardiner is a 1985 graduate of Grayling High School and will enter the United States Air Force on December 9, 1985. Following graduation from the six-week basic training course at Lackland Air Force Base, Texas, he will receive technical training in the Mechanical Area and be assigned to a duty station.

Viking 'Jitters' Ruin Baseball Home Opener

Viking coach Fred Wolcott said his team had a bad case of stage fright in their opening game of the season losing 15-8 to Cheboygan.

Grayling miscues overshadowed a strong hitting attack featuring three home runs, eight hits, and eight runs.

Brad Naghtin hit a two-run

blast, George Duncan hit one out, and freshman Jeff Palmer knocked one over the fence in his second at bats.

Dean McKinney drove in two runs and Jeff Branch also contributed an RBI for Grayling.

While the Vikings were earning their runs with base hits, Cheboygan used 10 errors, 13 walks, and only seven hits to score their runs.

Wolcott said his fielders were picking up the ball cleanly, but in their nervousness they were aiming the ball on throws, tossing it in the dirt and over heads.

Wolcott said his starting

pitcher gave up a lot of walks but also struck out 10. McKinney took the loss but Wolcott said he threw strong the entire seven innings - an encouraging sign for the rest of the season.

After their first game jitters, Grayling came back in the second game of the doubleheader played last Thursday to go ahead of Cheboygan 5-3 after three innings. The game had to be called because of darkness denying Grayling of a chance to split.

The Vikings again used the home run ball to score. Jeff McClellan, another freshman, hit a two-run round-tripper in the second inning. In the same inning, Duncan hit his second home run for the day, another two-run shot. McKinney drove in the other Viking run with a single in the five-run Viking second.

Jeff Branch was holding Cheboygan from the mound for Grayling when the game was called. Branch put them down 1-2-3 in the first inning, gave up no walks, and only four hits.

Grayling traveled to Onaway Tuesday and hosts Charlevoix here Tuesday, May 7, at 4 p.m. The home games are also being broadcast on WGRY radio.

RSVP Reports

By Aleta Thompson

Hats off to our gals making pajamas and nightgowns for our community service project. Some of the many people involved in this are Georgia Royce, Lucille Blumenschein, Audry Kaumeyer, Margaret Miller and Adine Fettes. The pajamas and nightgowns are made in many lovely prints and in various sizes. We have lots of flannel and patterns available in the office for anyone interested in sewing some for us. If you do not sew, we can always use volunteers just to cut the pajamas out in their home.

We are busy signing up volunteers for the Crawford County Historical Society and Hartwick Pines along with the Fish Hatchery for the summer schedule. If you like to visit with folks, here is a good opportunity. Tell us what you think you would enjoy doing in volunteering. We are in the office from 8:30 until 4:30 Monday thru Friday or call us at 348-4341 or 348-8322. The only criteria for participation in RSVP is that a person be 60 years or older.

A reminder that our annual Recognition Dinner is Friday, May 10, at 6:00 p.m. Hope to see you there!

Grayling Co-op Nursery School

The Grayling Co-operative Nursery School recently elected the new board for next year. The president is Judy Hees; vice-president is Sandy Davis; secretary is Kathy Duvall; treasurer is Marti Gosling; co-treasurer is Mary Everson. The health chairman and membership chairman are Kathy Madsen and Gloria Dana, respectively.

Gloria Dana, as membership chairman, stated that there are still openings for next years classes. Any interested parents are encouraged to contact Gloria at 348-7025.

The nursery is open to all three and four year old children. The classes are taught by a state certified teacher. Four year olds meet three times a week, and three year olds twice a week. The children are exposed to a wide range of subjects from space to dinosaurs.

The Grayling Co-operative Nursery School is a non-profit, non-discriminatory organization run by the parents of students.

There is so much exciting to learn with Cathy Goeckerman for Brownies.

Herb Corner

The following are various ways tea is enjoyed throughout the world.

In parts of East Indies, natives and the Dutch add a small piece of Star Anise to their tea. Star Anise has a sweet agreeable anise flavor. It is chewed by the Chinese after dinner, as a stomachic, and breath-sweetener.

To impart a fine flavor to ordinary tea, place rose petals in the tea canister, or add one drop of the attar of roses on a piece of soft paper, to every pound of tea, and keep the canister closely covered - an 1875 recipe.

A little ginger, or a teaspoon of brandy, is added to Chinese tea when the stomach is upset. In parts of China, a pinch of ginger and salt are always added to each cup of tea.

In Germany teas are often made weak and flavored with a little rum, cinnamon, or vanilla.

In Spain, a few leaves of lemon-verbena are placed in the cup, and the hot tea is poured over them.

If anyone has questions pertaining to herbs - be it culinary, storing, harvesting, medicinal, etc., - please write Cerelli's Herb Farm, Rt. 1, Box 249, Frederic, MI 49733.

Herbally yours,
E. Diona Cerelli, C.H.

May is High Blood Pressure Month

Check Your Blood Pressure FREE At Mac's Drug Store

122 Michigan Ave., Grayling, Mi. — 517-348-2181
"SERVING GRAYLING FOR OVER 55 YEARS"

Free blood pressure testing during all business hours. Everyone is welcome.

Why should we measure blood pressure?
High blood pressure should be kept in check because it can contribute to heart disease, strokes and kidney disease. In general, the lower your blood pressure, the longer you will live.

What is normal blood pressure?
This chart should serve as a reference for adults

Pressure	Systolic	Diastolic
Normal	139 or less	89 or less
Borderline	140-159	90-94
High	160 or more	95 or more

How often should I check my blood pressure?
To determine your average or typical blood pressure, test it 5-10 times over a period of 3-10 days and determine the average. Then if your average blood pressure is in the normal range, check it again once or twice a year.

If your average blood pressure is in the borderline or high range, consult a physician to discuss your blood pressure record.

Finally, don't forget that it's normal for measurements taken just minutes apart to vary as much as 10-30 points. So the average is very important.

Care enough about yourself to drop by and check your blood pressure. Remember, it's free.

WE CARE ABOUT YOUR HEALTH

THE RITES OF SPRING — Each year with the opening of Trout Season comes the annual Trout Unlimited Conservation Banquet. This year, it's Saturday, May 4th. Pictured are Marion Wright, Chapter Treasurer; David Lemmen, Vice-President and Paul Mesack, Banquet Chairman, finalizing last minute plans for the big event. The banquet starts with cocktails at 6:00 p.m. at the Grayling Holiday Inn with the classic prime rib dinner at 7:00. The program will feature Dave Smethurst, noted Pigeon River Country Conservationist. Tickets for the gala evening are \$20 at the door and table reservations can be made with Marion Wright at 348-7543 or Paul Mesack at 348-8622. Several new top line Graphite Flyrods and a classic Leslie Cane Rod will be auctioned along with this year's selection of outstanding Wildlife Prints and art that will please the most discriminating "Fishing Widow." Included in the auction will be a Magnavox V.C.R., Minolta Weathermatic Camera, Orvis Ultra-Lite Rod, and other items contributed by nearly every Grayling Merchant.

Mercy Hospital Joins In Mobile CT Scan

Grayling Mercy Hospital, in cooperation with Rogers City Hospital, Community Memorial Hospital, Cheboygan, and Otsego Memorial Hospital, has won support from the Health Systems Agency (HSA) District Number 7 for the implementation of a mobile CT Scan.

CT Scan, or Computerized Axial Tomography, is a diagnostic procedure. The system produces a more accurate picture than normal radiography equipment using less radiation. The x-ray produced gives a greater delineation of tissue.

CT Scans were first introduced in the United States in the 1960s. Application of the equipment was restricted to brain scans, largely because of the limitation on the clarity of the image and the length of time required to complete the procedure.

In the late 1970s and early 1980s, clarity was improved and scan time reduced. Today, both head and body CT scanning is done. The regulatory agencies now accept CT scanning as a valuable procedure with

broad diagnostic application.

The recommendation made by HSA will now go to the Michigan Department of Public Health (MDPH). If MDPH approves the program, a certificate of need will be issued. The final step will be to contract with a third party to provide the CT Scan mobile unit. The third party, or vendor, will provide the service to the four hospitals on a rotating basis. The vendor will supply the technicians, but the hospital radiologist will read the results.

Jim Packard, vice president of planning and marketing at Mercy Hospital is optimistic MDPH will approve the project. "Patients in central northern Michigan who require CT scan testing, must travel to Traverse City, Petoskey or Midland. The mobile unit will provide a great convenience and be cost effective to these patients," Packard said.

The unit will cost approximately \$1.9 million. The equipment will be identical to fixed units installed in hospitals. According to Mr. Packard, there are several interested third party investors who would be willing to invest in the program. The only cost to each hospital would be minimal expenses for site preparation.

If the project receives MDPH approval, it would be late fall before the program would be up and running, said Packard. "We are optimistic MDPH will approve the project because of the need for such a service in northern Michigan. The four hospitals combined have a greater chance of securing MDPH approval than any one of us would have had we decided to seek a certificate of need alone," Packard said.

Northeast Mich. Health Fair Sat. May 4 at Atlanta

"Here's to Your Health" is the theme of a Health Fair for Northeast Michigan to be held Saturday, May 4, from 10 a.m. until 4 p.m. at the Atlanta High School. Registration at the door will be \$1 per person or \$2 per family.

The day long event will feature ongoing displays and demonstrations, focusing on health care and health services for residents in Northeast Michigan. Blood pressure, sight and hearing checks will be conducted throughout the day by trained personnel, at no charge. Child care services will be available, free of charge, for families with younger members.

A nutritious lunch will be made available to participants at a cost of \$1.50 per person. This luncheon is being co-sponsored by the Atlanta Ladies Auxiliary, VFW Post 9489. Other exhibits include CPR, Emergency First Aid, Diets and Nutrition, Diabetes Screening, Child Safety and Development, Special Diets, Alcohol/Substance Abuse, Clinical Services, Prenatal Care and Pregnancy, Environmental Contaminants, Exercise, Stress, and much more.

Doodies From The Tall Timber

By Wendell L. Hoover
Park Interpreter

Over this past weekend the spring peepers (Hyla Crucifer) were doing the thing that their name implies. At this time of year the males can be found in and around pools of water, on the trees or shrubs which are in or near the water.

The peeping, which is part of the mating ritual is done only by the males is one of the sure signs of spring.

After a prolonged season of snow and chill temperatures the sound of the peeper and their cousins the tree frogs is most welcome as they do their singing when the air temperature is crowding the sixty degree mark.

Standing outside the house I could hear their song very clear, but what I could not hear was what shut them off. That something was disturbing them was obvious and it was easy to plot the progress of that unknown disturber of the evening concert.

The singers at one puddle would suddenly fall silent, then after a brief interval the singers at another pool would in turn fall silent.

After a time the singing resumed, but what had bothered the peepers? A skunk, a cat or perhaps a deer?

One source I have claims they and their cousins the tree frog are a useful check on insects which they catch in true frog like fashion with a lightning thrust of the tongue. On the other hand these small frogs (only a bit over one inch long) are eaten by fish, salamanders, birds and squirrels.

After the tadpole transforms into the three-fifths of an inch long peeper it will be up to four years before it will add its voice to the spring concert.

SAFETY EDUCATION — Speaker for the Jr. Deputy program on April 22nd was Mr. Price of the AAA. He demonstrated on Matt Gingerich's bike and told us all about Bike Safety and hand signals. We were all very interested in this kind of program. Mr. Price had Matt Gingerich demonstrate the left turn signal on his bike. He showed a film. It was a good education. Legion Makes Plans For Memorial Day Services

The annual Memorial Day Services sponsored by American Legion Post 106 will be Monday, May 27, starting at 10:00 a.m. at Elmwood Cemetery. The main address of the day will be given by Rev. Robert Taylor of the First Baptist Church of Frederic. Mayor Sandy Thompson will speak to the occasion at the Court-house and the American Legion Auxiliary will conduct services at the river in memory of those "lost at sea". The High School Band will provide the music at all stops and on the march.

The Memorial Day committee would like to see this year have the best participation we have had in many years. All organizations and groups are invited to participate whether they have in the past or not. Please notify Art Thayer at 348-7253 by May 20, if you have a group or organization that will be a part of this solemn occasion.

All participants will form on County Road next to the cemetery at 9:45 a.m. Those involved in the ceremonies in the cemetery will be the only ones in the cemetery. After the ceremony the procession will proceed via Plum Street and Michigan Avenue to the Courthouse where additional ceremonies will be conducted at the

"eternal Flame". The procession will then move to the AuSable River at City Park for Naval Memorial services and then to the Legion Hall to disband.

The Legion will give prizes to the best decorated bicycles entered and ridden in the parade. Entrants should be on County Road in front of the mausoleum for judging at 9:40 a.m. Winners will be announced at the Legion after the parade.

Cold soft drinks will be served to all band members, bike riders, Little Leaguers, Girl Scouts and Boy Scouts at the Legion immediately after disbanding.

The Legion Post and Auxiliary will serve dinner for all veterans who take part and their families at the Hall at 1:00 p.m. Please let Sharon Rubey know if and how many will be there for dinner by May 24th. She can be reached at home (348-7795) or at the Legion (348-7232).

Retirees to Meet

Regular meeting of Chapter #19, State Employee Retirees Association, will be held Tuesday, May 7, at the Houghton Lake Community Center, beginning at 2 p.m.

All retired state employees and their spouses are invited, and urged, to attend.

Resource Review

By Bruce Patrick
Conservation Officer

The Marine Safety act (Act 303 of 1967) sets forth requirements for the use of water craft within the state of Michigan. Among its provisions are safety equipment, safety training, rules of the road and registration requirements.

The AuSable river boat, which is unique to this area, must comply with the Marine Safety Act as does any other type of vessel. That is, if it is over 16 feet in length it must be registered. If it is motorized, it must be registered, or if it is used for commercial purposes it must be registered.

The law also requires that the registration certificate be on board and that the registration numbers and validating decal be displayed on the forward half of the vessel.

Note: The 1985 ORV registration certificates expired on April 30. New registrations are available and must be obtained before you operate your ORV.

Chamber Chatter

After many hours of personal calls by phone, letters and visits, it still wasn't enough to convince our business community to participate in the Home Show. Therefore, the show for this year has been cancelled. Not enough exhibitors contracted for booth space to make it economically feasible for anyone. We'll try again next year. We'll change the dates to February or March. Anyway, our plans have been changed. No Home Show.

We are getting Military Affairs Receptions lined up for the coming season. Wisconsin will be the first state for summer maneuvers. They are expected to bring 1,129 people to Grayling scheduled for June 1-15. They will be followed by Michigan on June 15-29 with a complement of 9,000 people. Then in July, Indiana is scheduled for July 6-20 with nearly 7,000 people, followed by Ohio's first contingent of 5,000 people from July 20-Aug. 3. Then on August 3-17 another Ohio encampment with over 4,000 people and the last Ohio group will be here on August 17-31 with 2,000 people.

Complete lists of visiting Guards are available at the Chamber Office, furnished to us by Col. Gwilt's office. The Chamber of Commerce and its Military Affairs Committee hold receptions for these people at the City Park next to the Chamber Office. The Financial Institutions of our community provide some of the funding to pay the costs of our guests. Local citizens are charged a nominal donation for the food & refreshments. A full reception schedule will be available very soon.

The HONEYMOONERS

Dad and Mom have never really talked much about their "wedding trip." They just smile and recall for one another some incident in the Adirondacks, some scene along the St. Lawrence. This particular snapshot got tucked inside the cover of the Family Bible that was their wedding present from Grandma and Grandpa.

Is there any way to measure how faith in God becomes part of our love for one another in marriage... or how our experiences with one another become expressions of our devotion to Our Lord?

The only way to discover these great treasures of life is to live them. And share their glow. And celebrate them with your children—and eventually your grandchildren—every Sabbath.

Yes! Carole and I plan to tuck a snapshot inside the cover of the Family Bible the folks have given us.

Lightning Dangerous To Those Failing To Take Precautions

While it may seem that the chances of being struck by lightning are remote, betting those odds in an electric storm can be fatal, warns AAA Michigan.

The average lightning bolt, a high voltage electrical discharge in the air, may contain a few million to 100 million volts. Translated into kilowatts, a one-hour storm could produce enough electricity to light a home for one year. Michigan annually averages 30 thunderstorms of approximately one hour duration each.

In Michigan, there have been approximately 70 deaths and 450 injuries in the last 30 years resulting from lightning storms. Only eight states had higher death totals.

"We all need to be more careful when it comes to taking precautions during heavy thunderstorms, especially persons engaged in outdoor activities," cautioned Bob Cullen, AAA Michigan's home safety and security program manager.

To avoid the chances of getting hit by lightning, AAA Michigan suggests checking the latest weather report before participating in outdoor activities and seeking shelter inside a home or building if severe thunderstorm conditions arise.

"Persons in an open area who are unable to seek shelter when a severe storm develops should keep low to the ground in a ditch or ravine and avoid trees since they could become a natural lightning rod," said Cullen.

Ball fields and golf courses generally account for half of all lightning fatalities and injuries in the United States. Golfers should not handle their clubs during a storm since the metal attracts lightning.

Individuals in a boat who are unable to get to shore should stay as low as possible, hug their knees and protect their heads.

As part of a family safety plan, children should be instructed on where to seek shelter when they are playing outside and a storm hits.

Persons should avoid using the telephone and all electrical appliances during a lightning storm. If lightning strikes telephone or power lines outside, it can go through the wiring inside the house and electrocute someone using a telephone or electrical appliance.

"Not only can lightning be deadly, but often it can cause extensive property damage and start fires," said Cullen. "It is wise to consider lightning protection for the home."

A home can be protected from lightning by installing a lightning rod on the roof. While the rod is designed to intercept all or some of the

electrical charge and carry it safely to the ground, one rod provides only a 12-foot circle of protection.

Lightning can invade a house through many different avenues like water pipes, television antennae and power lines, and homeowners should check outside electrical outlets to make sure they are capped. They also should trim trees regularly, ground all antennae and satellite wires and inform the utility companies of any sagging power or telephone lines.

"If a tree is hit by lightning near a house or anywhere near power lines, it is important to keep away and make sure children avoid any lightning-struck trees and fallen power lines," said Cullen.

Outdoor Show at Mio

The first annual Northeastern Michigan Sports and Outdoor Show will be May 11 and 12, 1985 at the Fairgrounds north of Mio. Show hours are Saturday 10 a.m. to 9 p.m. with a pancake breakfast at 8 a.m., Sunday 10 a.m. to 4 p.m.

Demonstrations in bait casting, muzzle loading, archery, deer processing and cooking. Many door prizes, contests, drawings and displays of sports equipment, RVs, boats, canoes.

Films from Forest Service, DNR, Audubon Soc. and scuba diving. Overnight camping space available. Admission \$2.00, under 12 free. Food all day.

For a schedule of events write or call Al Bond, 1065 No Abbe Rd, Fairview Mi. 48621, Ph. 517-848-2375.

Notice of Mortgage Foreclosure Sale

Default having been made in the conditions of a certain mortgage made the 29th day of December 1983, by Timothy L. Wakeley and Deborah R. Wakeley, husband and wife as mortgagors(s), to the United States of America, as mortgagee, and recorded on December 29, 1983, in the Office of the Register of Deeds for Crawford County, Michigan, in Liber 221 of mortgages on Pages 523-526; on which mortgage there is claimed to be due and unpaid at the date of this Notice Thirty One Thousand One Hundred Ninety Two and 26/100 Dollars (\$31,192.26) principal and Three Thousand Nine Hundred Sixty Two and 32/100 Dollars (\$3,962.32) interest; no suit or proceeding at law or in equity having been instituted to recover the debt, or any part of the debt secured by said mortgage, and the power of sale contained in said mortgage having become operative by reason of such default;

NOW, THEREFORE, Notice is hereby Given that on May 22, 1985 at 10 o'clock in the forenoon at the front steps (east side) of the Courthouse in Grayling, Michigan, that being the place for holding the Circuit Court for the County of Crawford, there will be offered for sale and sold to the highest bidder, at public sale, for the purpose of satisfying the amounts due and unpaid upon said mortgage, the lands and premises in said mortgage mentioned and described, as follows, to wit:

That property located in Crawford County in the State of Michigan.
East half (E½) of the Northwest quarter (NW¼) of the Northeast quarter (NE¼) of the Northeast quarter (NE¼) of Section 3, Town 26 North, Range 3 West, located in the Township of Grayling, County of Crawford, Michigan. The redemption period will be one month from the foreclosure sale. Property may be redeemed by paying the amount of the bid at the foreclosure sale plus 11.875% interest and any unpaid encumbrances on the property from date of sale. Dated April 10, 1985.

For additional information, contact UNITED STATES OF AMERICA acting through Farmers Home Administration, Room 209, 1405 S. Harrison Road, East Lansing, MI 48823, Mortgagee.

Par For The Course

The Grayling Country Club Golf Auxiliary held their annual organizational meeting on Tuesday evening, April 23, 1985, at the clubhouse with President Barb Nielson presiding.

New members are welcome to join. However, they must be members of the country club. The auxiliary which meets on Wednesday mornings with a round of golf, followed by a luncheon, will start play on May 8 with a fun day. The following week regular play will start.

Anyone wishing information may call Donna Pot-terf, 348-5383, Carol Thompson, 348-7178, or Thelma Bateman 348-2024.

Bits O Talk

Girl Scout Cookies are available at Fick & Sons, Inc. and at Chicken Charlies.

Chicken Charlies Open Daily at 11:00 a.m.

The congregation of the early service at Michelson Memorial Methodist Church would like to thank Al Schreiner and Carol Money for starting the services on time due to the fact Rev. Jeff Regan forgot to set his clock ahead.

Moose News

The installation of officers was held on April 27th. We also had an enrollment with a Ritual Team from Wayne performing the ceremony. The women prepared a nice meal which was enjoyed by all.

We had 17 senior citizens for dinner on April 26th. They all enjoyed a great fish dinner and afterwards Kathy Beck and Joe Zaceh played and sang. We all enjoyed it very much and look forward to our next dinner.

Our district meeting will be held on Sunday, May 5th at 2:00 p.m. It will be in our lodge. We hope to see you all there.

In last weeks news, the meeting was for May 8th. It was a mistake on my part. The regular meeting will be held on May 1st. See you then.

IN APPRECIATION

We would like to take this opportunity to thank all who participated in making our 70th Wedding Anniversary and renewal of vows such a special and beautiful occasion. Among those participating were Grayling Health Care Center and staff, Father Bill Rabior, Helen Harwood, Flowers by Josie, Muriel Latusek, and many more. A special thank you goes to Nancy Holcomb and Kay Matthews. Many cards were received from friends and family who attended. Your thoughtfulness will always be remembered for helping us celebrate our many years together!

Also a thank you goes to Margaret Fangboner, a resident of the Grayling Health Care Center.

Sincerely,
 John & Blanche LaMotte

MEMORIUM

In memory of my beloved Mother Belle I. Walker.

It seems like only yesterday, We laughed & talked with you.

And yet, it seems like, Its been such a long time too!

Words cannot describe, Dear Mom, How very much we miss you!

But, as you travel Heavens Road, toward those skies of blue, Walk slowly, Dearest Mom of all,

For someday, soon, I'll walk with you!

Sadly missed by her daughter & husband Waneta & Howard Madsen Grandchildren and great grandchildren.

Nature's Own Garbage Disposal

Deep-sea trenches created by converging plates in the Earth's crust could be used to dispose of waste materials, including junked nuclear submarines. A Texas A&M geophysicist says that giant depressions are formed in the "downgoing" plates and that trash injected into the depressions would be carried deep within the Earth, never to be seen again.

GIRLS STATE — Sharon Ruby, American Legion Auxiliary president, stands with Kathy Allen, Laura Grudzien, and Beth Bedard - three GHS juniors who will be attending Girls State June 8-15 at CMU. The American Legion sponsors both Girls and Boys State and the auxiliary, Grayling Rotary, and Grayling Kiwanis clubs are each sponsoring one student.

Dear Friends:
 Thank you for your good wishes, gifts and cards during my recent illness. I greatly appreciated hearing from you and thought you might like a short bulletin on what happened.

It began with a trip by ambulance to the hospital on February 6, where I stayed for two and a half weeks. My problems with emphysema, however, made it impossible for me to sleep so the doctors sent me home again hoping to improve that situation.

Since I couldn't sleep at home either, we went back to the hospital on Sunday, March 3. The following day, Monday, after a brief visit with my two-year-old great granddaughter, who was born on my 81st birthday, I fell asleep and slept, without interruption, for twenty-one hours. I have been sleeping normally ever since and at this writing feel that I'm on the road to recovery and hope to be back at the office in a few days.

Thank you again and stop in to see us when you get near the Gainesville area.

Sincerely,
 Fred Bear
